Event Sponsorship Opportunities

Who We Are:

At Langley Residential Support Services, we envision a world where everyone lives a rich, full life. For over 40 years, Langley has advocated for adults with developmental disabilities in Fairfax County by providing safe and affordable housing options, assisting the individuals we serve in daily living skills, and advocating for full inclusion and participation in the community. Together with champions like you, we support 40 individuals through our residential and community support programs in their everyday activities and guide them in more independent living.

Our mission is to serve adults with developmental disabilities, their families, and our community by providing quality, comprehensive residential and community support services. We believe everyone deserves the chance to live a rich, full life.

Our residential and community support programs provide a structure for each person to be more independent in their daily lives and have full access to their local community. Through our programs, individuals are mentored by our staff in daily living and community access skills, and they are connected to the community through life enrichment programs.

Langley stands above the rest. Individuals in our programs have been with Langley for decades, and some for their entire adult lives. Langley invests in the lives of the 40 individuals we serve, and we hope you will too.
